

**Modern Workshop**  
**10 December 2024**  
**Pitstop 3**

**Event Overview:**

The Modern Workshop at Automechanika Dubai 2024 is set to be an essential gathering for automotive professionals from garages and workshops, providing a platform to explore the latest advancements and challenges within the industry. Participants will engage in insightful discussions and hands-on sessions that focus on enhancing safety, efficiency, and sustainability in garage and workshop operations.

The event aims to equip attendees with the necessary tools and knowledge to foster a skilled workforce and implement innovative practices that drive excellence in their businesses. By bringing together experts and practitioners, the Modern Workshop will inspire attendees to embrace change and position themselves at the forefront of the evolving automotive landscape.

This event promises to be a valuable opportunity for networking and professional development, ensuring that participants leave with actionable insights to enhance their operations and contribute to the future of the industry.
